BOOK SYNOPSIS

Three decades ago, Penelope Smith first presented Animal Talk and her effective telepathic communication techniques that can dramatically transform your relationships with your animal companions. Rereleased by popular demand, Smith once again shares her insightful wisdom and illuminates topics such as freedom, control, obedience, behavior, and relationships between animals. Animal Talk teaches you how to open the door to your animal friends hearts and minds without resorting to magic tricks or wishful thinking. Every creature can be reached through telepathic communication -- from your tabby cat or cockatiel to the wasps that build nests in the eaves of your home or even the common flea -- you just have to be open to the idea, and mind-to-mind communication will be in your grasp.
