BOOK SYNOPSIS

In 1879 the USS Jeanette set sail from San Francisco to cheering crowds and a frenzy of publicity. The ship and its crew, captained by the heroic George De Long, were heading for glory and the last unmapped area of the globe: the North Pole. But it was not long before the Jeanette was trapped in crushing pack ice. Amid the rush of water and the shrieks of breaking wooden boards, the crew found themselves marooned a thousand miles north of Siberia with only the barest supplies, facing a seemingly impossible trek across the endless ice. Battling everything from snow blindness and polar bears to ferocious storms and frosty labyrinths, the expedition battled madness and starvation as they desperately strove for survival. With twists and turns worthy of a thriller, *In the Kingdom of Ice* is a spellbinding tale of heroism and determination in the most unforgiving territory on Earth.
